Breakout™

Home Dome Hockey Table

Model # EM-Y-AB

All Breakout Tables Come with:
3 Pucks, 4mm Wrench, 5mm Wrench,
Warranty Registration and Instructions

Assembled Size:
52" L. x 36" W. x 42 1/2" H.

Cabinet Apron Ht:
10 1/4"

Weight:
230 lbs.

Ultra-Smooth Chrome-Plated Rods
Hollow-ground steel with 0.120" wall thickness. Marriage of high-lubricity materials—nylon bushings and rods—result in exceptional play performance with minimal friction wear.

Infrared Electronic Scoring
Utilizes infrared scoring for reliability and accuracy. Sounds goal scored. Side mounted to keep player sight lines clear. Select from several game options including 15, 10, or 5 minute games, race to score 10, 7 or 5 goals, or unlimited Free Play.

Gear Box Clutch System
Designed to "give" when opposing man-to-man force is applied—reduces likelihood of stick or man breakage and extends life of gear box.

2:1 Turning Ratio on Gear Box
Delivers quick player response and lively play—360 degree player turn requires only 180 degree handle turn.

Solid Upper Cabinet Construction
Side and end aprons covered with attractive "Royal Blue" melamine—chip, mar, and scratch resistant.

Steel Rod Supports in Foot of Men
Allows torque and pressure to be applied to the clutch, rather than the fitting between the man and gear box.

Playfield Supports Across Entire Surface
Supported on all 4 sides of the cabinet, by 2 beams running between the rods, and the tops of the player gear boxes.

Gear boxes are supported by durable extruded aluminum channels.

3 1/4" x 4", Solid Wood Legs
3" floor levelers—thread counter bored into vinyl wrapped legs and adjustable up to 1".

Dome "Bubble" is Fastened with Hinges
Easy access to men, goals, and playfield.

Attractive Playfield Graphics
Screened into high-pressure laminate and covered with a protective clear-coat for long wear.

Low Profile Dome
Completely enclosed dome stands 5 3/4" above the playfield to keep pucks in play.

6-Month "Top to Bottom" Limited Warranty

333 Morton Street
Bay City, Michigan 48706

Forget the skates, pads and sticks—it's never cost so little to play hockey.

Getting into America's (OK, Canada's) favorite game has never been easier. The Breakout brings fast paced action right into the rec room. In fact, its low profile dome and four solid wood legs make placement of this amusement favorite a non-issue. Fans will recognize the quick play (thanks to ultra-smooth rods made of chrome-plated, hollow-ground steel with 0.120" wall

thickness, coupled with low friction nylon bushings) as being as close as they can get to hockey without suiting up! Each team is controlled by a unique gear box with a 2:1 turn ratio for fast player response—turning guys 360° requires only a flick of the wrist! And when there is opposing player-to-player force, a clutch system "gives" so men aren't being hauled off the "ice" by a stretcher.
